In all the time that I was in NY, I never the lobbyist for the Rite Aid Chain. Does anyone in the region know anything about Nick Barrella? If so, please E-mail, or voice mail me anything that might be helpful.

I spoke with Connie Barrella of the NY Association of Convenience Stores about the amendments to Chautauqua's self-service bans. She said that since it was already law, revisions would be made by the county executive, Andrew Goodell. The phone number I have for him is 716-753-4211. She said that she and one of their members had set up a meeting with him on the amendments.

Ms. Barrella faxed me a copy of the proposed amendments and asked me what I thought about them. I mentioned that they seemed suited to Rite-Aid, the store that was proposing them, but that it may not meet the needs of smaller stores who would like to display cigarettes. Rite-Aid already keeps cigarettes behind the counter. She agreed and suggested I speak to Nick Barrella, the lobbyist for Rite-Aid, and tell him the same thing. His number is 518-463-4841 if you would like to call him.
